Ethiopia - Ambo Water and Sewerage Service Enterprise (ATWSSSE)

Country Ethiopia

Ambo Water and Sewerage Service Enterprise (ATWSSSE)

The mission of the TWSSSE is to provide adequate potable water and sewerage services for Ambo town and surrounding society.

The vision of TWSSSE is to see that all the people of Ambo Town and surroundings get sufficient quantity & good quality of water and Sewerage Services thereby creating a healthy society that actively take part in the development of the region in general and for Ambo Town in particular.

About VEI

Established in 2004 by Dutch water utilities, VEI has developed into an effective organization operating worldwide. VEI implements Water Operator Partnerships (WOPs) with dozens of water operators, aiming at sharing knowledge and skills to make the partner water operators stronger, financially sustainable and more (climate) resilient. VEI creates improved access to water and sanitation services, for approximately 350,000 people every year, mostly in low-income areas in Africa, Asia and Latin-America. Standing side by side as water operators, we strive to continuously increase our impact for people living in poverty, by systemically improving the maturity of working processes of our WOP partners, supported by peer-to-peer collaboration, training, technical assistance and smart investments.

VEI is a full subsidiary of Vitens N.V. and Evides Waterbedrijf N.V. and implements the international Corporate Social Responsibility policy on behalf of seven Dutch drinking water utilities:

- Vitens N.V.
- Evides Waterbedrijf N.V.
- WML
- Waterbedrijf Groningen
- Brabant Water
- WLN
- PWN
