Dutch Caribbean - Water- en Energiebedrijf Bonaire

Country Bonaire

Water- en Energiebedrijf Bonaire N.V. (WEB) was founded in 1963 and is owned by the Public Entity Bonaire. As an "exclusive" multi-utility company, WEB is responsible for the sustainable, reliable and affordable supply of drinking water and electricity to more than 20,400 households, companies and organizations on Bonaire.

The energy and water supply on Bonaire contributes to the sustainable development of the island. The population is increasing, tourism is developing, Bonaire is a growth market. A lot will have to be invested in the coming years. Only then can the reliability, affordability and quality of the energy and water supply be brought to a level that suits the rapidly developing Bonaire.

Since March 2013, the service has been expanded with the collection and purification of waste water, and the management of the Waste Water Treatment (WWTP) and the supply of irrigation water.

About VEI

Established in 2004 by Dutch water utilities, VEI has developed into an effective organization operating worldwide. VEI implements Water Operator Partnerships (WOPs) with dozens of water operators, aiming at sharing knowledge and skills to make the partner water operators stronger, financially sustainable and more (climate) resilient. VEI creates improved access to water and sanitation services, for approximately 350,000 people every year, mostly in low-income areas in Africa, Asia and Latin-America. Standing side by side as water operators, we strive to continuously increase our impact for people living in poverty, by systemically improving the maturity of working processes of our WOP partners, supported by peer-to-peer collaboration, training, technical assistance and smart investments.

VEI is a full subsidiary of Vitens N.V. and Evides Waterbedrijf N.V. and implements the international Corporate Social Responsibility policy on behalf of seven Dutch drinking water utilities:

- Vitens N.V.
- Evides Waterbedrijf N.V.
- WML
- Waterbedrijf Groningen
- Brabant Water
- WLN
- PWN
