Malawi - Central Region Water Board (CRWB)

Country

Central Region Water Board is a statutory corporation created under the Waterworks Act No. 17 of 1995. It provides water supply and water-borne sanitation services to the Central Region of Malawi. The core business of CRWB is “the provision of water, either treated or untreated, either by way of bulk supply or a pipe system, to customers in central region of Malawi.”

Vision
The vision of CRWB is “Excellence in provision of potable water and water-borne sanitation services”

Mission
Our Mission is “To develop, operate, maintain and provide reliable water and water-borne sanitation services in an efficient, effective and sustainable manner in the interest of customers and other stakeholders.”

About VEI

Established in 2004 by Dutch water utilities, VEI has developed into an effective organization operating worldwide. VEI implements Water Operator Partnerships (WOPs) with dozens of water operators, aiming at sharing knowledge and skills to make the partner water operators stronger, financially sustainable and more (climate) resilient. VEI creates improved access to water and sanitation services, for approximately 350,000 people every year, mostly in low-income areas in Africa, Asia and Latin-America. Standing side by side as water operators, we strive to continuously increase our impact for people living in poverty, by systemically improving the maturity of working processes of our WOP partners, supported by peer-to-peer collaboration, training, technical assistance and smart investments.

VEI is a full subsidiary of Vitens N.V. and Evides Waterbedrijf N.V. and implements the international Corporate Social Responsibility policy on behalf of seven Dutch drinking water utilities:

- Vitens N.V.
- Evides Waterbedrijf N.V.
- WML
- Waterbedrijf Groningen
- Brabant Water
- WLN
- PWN
