Philippine Association of Water Districts (PAWD)

Country

The Philippine Association of Water Districts is a leading partner in providing sustainable, affordable, and safe water and sanitation for all. It is dynamic, responsive, and reliable leader in the water industry, providing all its stakeholders with quality, efficient, and relevant products and services.

PAWD commits itself to promoting self-reliant water districts in the country. It is dedicated to advocate and promote pertinent policies, standards and programs to ensure effective and sustainable water district operations and collaboration in the country.

It is committed to develop, implement and manage relevant programs that will harness teamwork amongst its members and strengthen partnerships with other institutions within and outside the Philippines.

It serves as a one-stop-shop for vital information regarding water districts, water and sanitation in the country and elsewhere.

About VEI

Established in 2004 by Dutch water utilities, VEI has developed into an effective organization operating worldwide. VEI implements Water Operator Partnerships (WOPs) with dozens of water operators, aiming at sharing knowledge and skills to make the partner water operators stronger, financially sustainable and more (climate) resilient. VEI creates improved access to water and sanitation services, for approximately 350,000 people every year, mostly in low-income areas in Africa, Asia and Latin-America. Standing side by side as water operators, we strive to continuously increase our impact for people living in poverty, by systemically improving the maturity of working processes of our WOP partners, supported by peer-to-peer collaboration, training, technical assistance and smart investments.

VEI is a full subsidiary of Vitens N.V. and Evides Waterbedrijf N.V. and implements the international Corporate Social Responsibility policy on behalf of seven Dutch drinking water utilities:

- Vitens N.V.
- Evides Waterbedrijf N.V.
- WML
- Waterbedrijf Groningen
- Brabant Water
- WLN
- PWN
