Vietnam - Soc Trang Water Supply Joint Stock Company (SOCTRANGWACO)

Country

Soc Trang Water Supply Joint Stock Company (SOCTRANGWACO) has its headquarters in Soc Trang City. Besides the water supply in Soc Trang City the company is also responsible for supplying water in quite a few towns scattered over the province.

Of the four partner utilities SOCTRANGWACO is located closest to the east sea and is therefore already experiencing the most severe impacts of salinity intrusion both in surface and groundwater.

SOCTRANGWACO operates 16 water treatment plants (12% surface water / 88% groundwater).

About VEI

Established in 2004 by Dutch water utilities, VEI has developed into an effective organization operating worldwide. VEI implements Water Operator Partnerships (WOPs) with dozens of water operators, aiming at sharing knowledge and skills to make the partner water operators stronger, financially sustainable and more (climate) resilient. VEI creates improved access to water and sanitation services, for approximately 350,000 people every year, mostly in low-income areas in Africa, Asia and Latin-America. Standing side by side as water operators, we strive to continuously increase our impact for people living in poverty, by systemically improving the maturity of working processes of our WOP partners, supported by peer-to-peer collaboration, training, technical assistance and smart investments.

VEI is a full subsidiary of Vitens N.V. and Evides Waterbedrijf N.V. and implements the international Corporate Social Responsibility policy on behalf of seven Dutch drinking water utilities:

- Vitens N.V.
- Evides Waterbedrijf N.V.
- WML
- Waterbedrijf Groningen
- Brabant Water
- WLN
- PWN
