

Ukraine - Vodocanals of Nikopol, Marganets, Pokrov, Kherson and Kramatorsk

Country

Ukraine

The Ukrainian partners in this project are the 5 Ukrainian Vodocanals: Nikopol, Marganets, Pokrov, Kherson and Kramatorsk.

The main aim of the project is to support this 5 Ukrainian Vodocanals in restoring, improving and sustaining water and sanitation services to their customers incl. internally displaced people under consultation of the Association of Water Utilities in Ukraine 'Ukrvodokanalekologia'.

About VEI

Established in 2004 by Dutch water utilities, VEI has developed into an effective organization operating worldwide. VEI implements Water Operator Partnerships (WOPs) with dozens of water operators, aiming at sharing knowledge and skills to make the partner water operators stronger, financially sustainable and more (climate) resilient. VEI creates improved access to water and sanitation services, for approximately 350,000 people every year, mostly in low-income areas in Africa, Asia and Latin-America. Standing side by side as water operators, we strive to continuously increase our impact for people living in poverty, by systemically improving the maturity of working processes of our WOP partners, supported by peer-to-peer collaboration, training, technical assistance and smart investments.

VEI is a full subsidiary of Vitens N.V. and Evides Waterbedrijf N.V. and implements the international Corporate Social Responsibility policy on behalf of seven Dutch drinking water utilities:

- Vitens N.V.
- Evides Waterbedrijf N.V.
- WML
- Waterbedrijf Groningen
- Brabant Water
- WLN
- PWN
